

SAFETY AND SECURITY

BICYCLISTS AND PEDESTRIANS SAFETY

In season and during the day until 6 p.m. the guard arms on the east side of the gate house are left open so that pedestrian and bicycle traffic can enter and exit, thereby avoiding the busy west side of the gate house. For your safety and the safety of all residents and visitors, the Wiggins Bay Foundation's Board asks that you enter and exit **SLOWLY AND CAUTIOUSLY** through the east side of the gate house which is also used for vehicles exiting Wiggins Bay. This is not the ideal solution for either bicyclists or pedestrians and the Wiggins Bay Foundation Board is working on improvements to enhance your safety.

SECURITY

Security within Wiggins Bay is a top priority for all residents. If you see anyone or anything within the community which you believe to be suspicious, please phone the Collier County Sheriff's office at 239-774-4434. You may request a Deputy to respond. If you feel the situation is an emergency dial 911 and request assistance.

When leaving your vehicle please make sure it is locked and all valuables are out of sight.
