

Barcodes - We have been hearing about some concerns with barcodes. Below are a few tips.

Barcode tips for barcodes affixed to your car.

1. When you drive up to the gate be sure that you wait until the gate fully closes before you pull up to the barcode reader.
2. Do not piggyback behind the car in front of you. The bar can come down on your car and possibly do damage.
3. Drive slowly by the barcode reader in the middle of the lane. This allows the reader to see your barcode.
4. Don't piggyback behind the car in front of you. I know it's on the list twice but it's so important it needs to be mentioned twice.

Barcode tips for handhelds.

1. Be sure to let the gate fully close before you move up.
2. Hold the handheld barcode so the numbers are showing and allow the reader to read the barcode. You don't have to move it back and forth.
3. Don't piggyback behind the car in front of you.

If you are following these tips and still have problems please see Ron at the gatehouse Wednesday, Thursday, and Fridays from 2-7 pm and he can issue you a new one.

Dwelling Live - Please be sure to utilize the Dwelling live system to set up your guests and vendors. If you have any questions about the Dwelling Live system, please be sure to contact me Mike@paramontproperty.com and we will help get you going.

Pedestrian Gate on Horse Creek - The gate code is C1968
the handle turns to the west.

We hope everyone is having a fantastic season and as
always if you need anything please let me know!
